

AMENDMENTS**IN THE CLAIMS**

Please, amend the claims as follows:

Please substitute the following claims for the pending claims with the same number.

1. (Previously Presented) An aqueous liquid detergent composition comprising:
 - (a) one or more particulate solids wherein said one or more particulate solids includes a peracid; and
 - (b) a polymeric stabilization system wherein said polymeric stabilization system comprises a polymeric compound selected from anionic polyterephthalate polymers.
2. (Cancelled)
3. (Currently Amended) The composition according to Claim 2 1 wherein said peracid is phthaloylamino peroxycaproic acid.
4. (Cancelled)
5. (Cancelled)
6. (Previously Presented) The composition according to Claim 1 wherein said one or more particulate solids is present in said composition at a level from about 0.1% to about 25% by weight of said composition.
7. (Previously Presented) The composition according to Claim 1 wherein said polymeric stabilization system is present in said composition at a level from about 0.01% to about 10% by weight of said composition.
8. (Previously Presented) The composition according to Claim 1 wherein said composition further comprises a suspending agent.
9. (Previously Presented) The composition according to Claim 8 wherein said suspending agent is xanthan gum.
10. (Previously Presented) The composition according to Claim 1 wherein said composition further comprises a surfactant.
11. (Previously Presented) The composition according to Claim 10 wherein said surfactant is selected from the group consisting of anionic, nonionic, cationic, amphoteric, zwitterionic surfactants and mixtures thereof.

Serial No.: 10/069,627

12. (Previously Presented) The composition according to claim 1 wherein said composition further comprises one or more cleaning adjunct materials selected from the group consisting of: surfactants, builders, bleaches, bleach activators, bleach catalysts, enzymes, enzyme stabilizing systems, chelants, optical brighteners, soil release polymers, dye transfer agents, dispersants, suds suppressors, dyes, perfumes, colorants, filler salts, hydrotropes, photoactivators, fluorescers, fabric conditioners, fabric softening agents, hydrolyzable surfactants, preservatives, anti-oxidants, anti-shrinkage agents, anti-wrinkle agents, germicides, fungicides, color speckles, silvercare, anti-tarnish and/or anti-corrosion agents, alkalinity sources, solubilizing agents, carriers, processing aids, pigments and pH control agents.

13. (Previously Presented) A method for laundering fabrics in need of laundering comprising contacting said fabrics with the aqueous liquid detergent composition of Claim 1.

14. (Cancelled)

15. (Cancelled)

16. (Cancelled)

17. (Cancelled)

18. (Cancelled)

19. (Cancelled)
